

Section 18. Requirements for the importation and use of Biologic Agents.

(a) The importation of any Virulent Biologic Agent shall be approved in writing by the Wyoming State Veterinarian.

(b) Only USDA/APHIS/VS licensed or approved veterinary Biologic Agents may be imported into Wyoming.

(i) The following exception to this requirement exists:

(A) Biologic Agents of the type for which USDA/APHIS/VS has no approval process may be imported into Wyoming if other import requirements as specified in this section are met.

(c) The sale and use of any Biologic Agents for Brucellosis is limited to Accredited Veterinarians.

(d) The sale and use of any Biologic Agent for Pseudorabies is limited to Accredited Veterinarians with prior written approval of the Wyoming State Veterinarian.

(e) The sale and use of any live Biologic Agent for Rabies is limited to Licensed Veterinarians.

(f) No Biologic Agent that is infected with or that has recently been exposed to any infectious, contagious or communicable disease or that originates from a Quarantine area or an area suspected of harboring disease may be imported.
