

Section 29. Requirements for the importation of Porcine.

(a) An Import Permit is required on all Porcine entering Wyoming.

(i) The following exceptions to this requirement exist:

(A) Porcine consigned for Direct Movement from a Premise of origin within the United States to an Approved Livestock Market, or

(B) Porcine consigned for Direct Movement from a Premise of origin within the United States for Immediate Slaughter at a Recognized Slaughter Establishment.

(b) A Certificate of Veterinary Health Inspection is required on all Porcine entering Wyoming.

(i) The following exceptions to this requirement exist:

Effective 3/31/07

(A) Porcine consigned for Direct Movement from a Premise of origin within the United States to an Approved Livestock Market, or

(B) Porcine consigned for Direct Movement from a Premise of origin within the United States for Immediate Slaughter at a Recognized Slaughter Establishment.

(c) All Porcine shall have Official Individual Identification by eartags, breed association sanctioned ear notches or tattoos.

(d) No Porcine shall be imported which has been fed human garbage unless processed or treated pursuant to W.S. 11-27-106.

(e) Brucellosis requirements for the importation of Porcine:

(i) Porcine from a validated Brucellosis free state or area may be imported with no Brucellosis test requirement.

(ii) Porcine from a state or area with lower status than validated Brucellosis free shall have a negative Brucellosis test within thirty (30) days prior to import and shall be placed under Quarantine pending a negative Brucellosis post entry test at the first Wyoming destination within sixty (60) to ninety (90) days.

(A) The following exceptions to this requirement exist:

(I) Porcine from a validated Brucellosis free herd in a non validated Brucellosis free state or area may be imported with no Brucellosis test requirement.

(f) Pseudorabies requirements for the importation of Porcine:

(i) No Pseudorabies vaccinated Porcine, or Porcine from a Pseudorabies vaccinated herd, shall be allowed entry into Wyoming without prior written approval of the Wyoming State Veterinarian.

(ii) The following Pseudorabies import requirements exist for Porcine:

(A) Porcine from a federally classified Pseudorabies stage V state or area may be imported with no Pseudorabies test requirement.

(B) Porcine from a federally classified Pseudorabies stage IV state or area may be imported with a negative Pseudorabies pre entry test within thirty (30) days prior to import.

Effective 3/31/07

(C) Porcine from a qualified Pseudorabies negative herd in a federally classified Pseudorabies stage III, IV or V state or area may be imported with no Pseudorabies test requirement.

(iii) Porcine that do not meet the import requirements in (f)(i) or (f)(ii) shall have a negative Pseudorabies pre entry test within thirty (30) days prior to import and shall be placed under Quarantine pending a negative Pseudorabies post entry test at the first Wyoming destination within thirty (30) to sixty (60) days.
