Memorandum

To: Wyoming Cattle Producers
From: Wyoming State Veterinarian
Date: March 13, 2023
Subject: Wyoming State Veterinarian List of Out-of-State Livestock Markets

Wyoming Livestock Board Administrative Rules, Chapter 2, Brucellosis Management and Mitigation, specifies all test eligible bovine within the Wyoming Brucellosis Designated Surveillance Area (DSA) to test negative for Brucellosis within 30 days prior to a change of ownership and prior to leaving the DSA.

One exemption from this testing requirement is for cattle that move to a Wyoming Approved Livestock Market or to an Out-of-State Livestock Market approved for Brucellosis Market Testing. These cattle may be tested at approved markets and held there until results are determined to be negative.

If producers move cattle directly to Out-of-State Livestock Markets, they must notify the market veterinarian the cattle are Wyoming DSA cattle and require testing.

The list of Out-of-State Livestock Markets Approved for Brucellosis Testing by the Wyoming State Veterinarian include:

- Public Auction Yards Billings, Montana
- Billings Livestock Commission Billings, Montana
- Blackfoot Livestock Auction Blackfoot, Idaho

For any questions, please contact the Wyoming State Veterinarian's office at (307) 777-7515.

Hallie Hasel, DVM
Wyoming State Veterinarian
