

DIRECT LINK FUNCTIONALITY

LINKING DIRECTLY TO YOUR AGENCY, PROGRAM OR RULE CHAPTER

WHAT IS THE DIRECT LINK UPDATE?

This is an exciting update that allows agencies to create and share links to a specific agency, program or chapter in the Wyoming Administrative Rules system! This is particularly useful for Wyoming's agencies who would like to help the public find their agency specific rules more easily by providing a link on their website.

This functionality will be available on the 8th.
